

1

Hi! My name is Anna, my friends call me Ann. I'm 9-years-old and I have type I diabetes.

2

I go to school everyday...

3

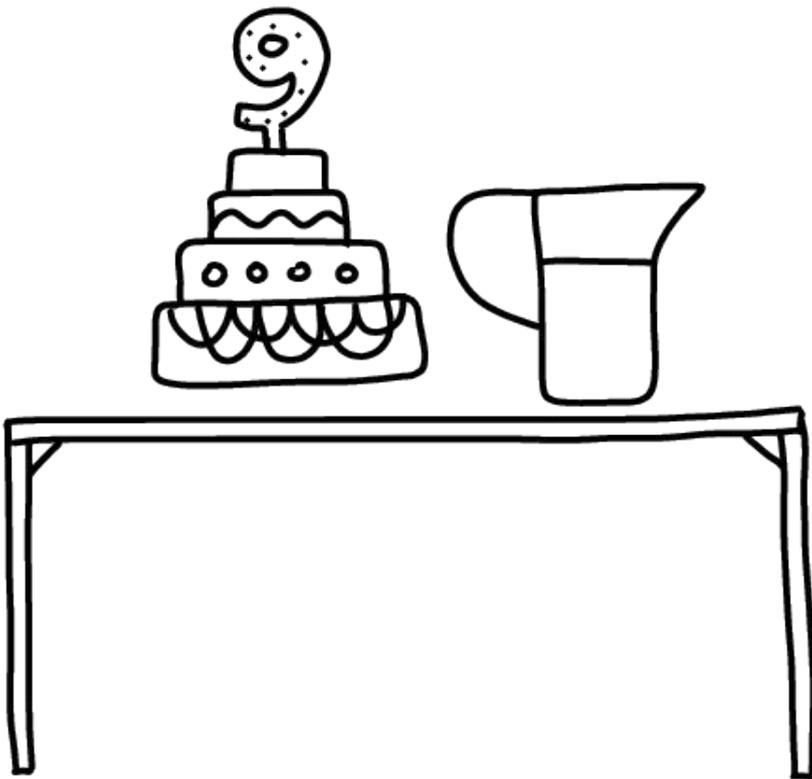

play with my friends, exercise...

4

...and I have a healthy diet.

**I was diagnosed shortly before
my ninth birthday...**

5

**I was thirsty all the time and I had
to pee every five minutes.**

6

I felt tired and had a blurry vision.
It was not fun...

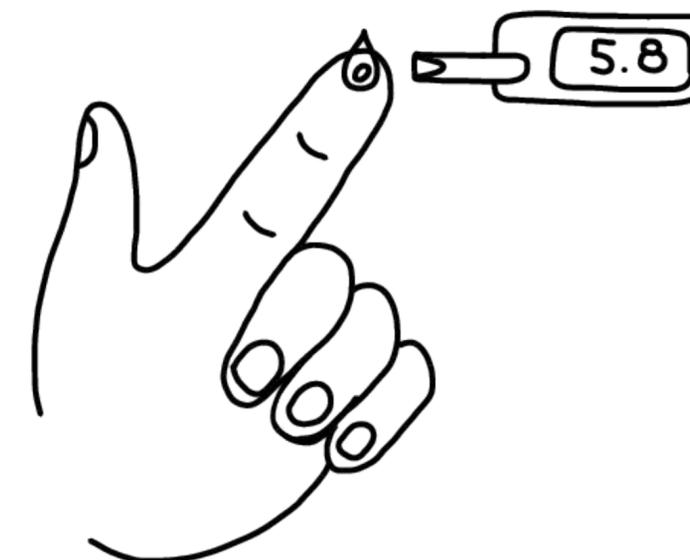

7

but now I'm fine, my family doctor helps me

8

I check my blood sugar and self inject insulin when I should

9

...and live a normal life!
